BASE BALL.

Hopkinsville Won Two Games From Henderson.

New Players Recently Signed On Local Team Have Reported For Duty.

The Hopkinsville base ball team was victorious in two of the three games played with Henderson, on the latter's grounds, last week. The first game resulted in favor of the local club, the score being 8 to 5. On Thursday Henderson won by 6 to 3. Friday's contest was won by Hopkinsville, the score being 5 to 3. The Hopkinsville team went from Henderson to Cairo, and lost the first game of the series at that place Saturday. The score in this game was 8 to 1 in favor of the Egyptians. The second game at Cairo was won by Hopkinsville by the score of 7 to 2. This was a thirteen-inning contest. The score was a tie at the end of the ninth inning. Neither side scored in the tenth, eleventh and twelfth innings. In the thirteenth Hopkinsville made five runs. The local team closed the series at Cairo yesterday, and will play at Paducah today, tomorrow and the next day.

At Vincennes Thursday the team of that place defeated Cairo in a close game, the score being 1 to 0. At Clarksville, Paducah won from Clarksville, the score being 5 to 3. On Friday, at Clarksville, the Paducah again defeated the Tennesseans by the score of 7 to 3, and the Cairo club won from Vincennes, the score being 7 to 3.

Clarkville lost to Paducah Saturday, making three straight--the whole series--lost to the victors.

Henderson won from Vincennes at Henderson the same day. Paducah was also victorious in the second game with Clarksville, the score being 9 to 4. At Vincennes the same day Henderson won from the Indians by the score of 6 to 5.

Piephal, of Louisville, who was captain of the Cairo club last season, has signed with Hopkinsville, and arrived last week. He is playing short stop. Briggs, of Little Rock, Ark., who a few days ago signed with the locals, joined the team at Cairo Sunday. He plays outfield and is a heavy hitter, and a fast base runner. Forest Morris, who was injured while playing some time ago, has about recovered and will join the local team this week, resuming his place on third base.

Marre, of Little Rock, formerly of the Baton Rouge, La., team, has signed with the locals, but was claimed by Clarkdale, Miss. President Hascock received a telegram from Kohl Pender, manager of the Baton Rouge team, Saturday, which contained the following: "Marre can play where he pleases. Clarkdale has no claim."

The next game on the local diamond will be between Hopkinsville and Clarksville. The first contest of the series will come off Friday next, June 17. Great crowds will doubtless witness these games.

Colored League.

Plans for launching the first baseball league ever organized in the South composed of negro players have been completed and a schedule will be adopted at a meeting of managers in Memphis this week. The league will consist of clubs in Memphis, Hot Springs, Little Rock, Paducah, Nashville and Louisville.

Miners are Dumped Upon Kansas Soil.

Penniless Refugees Speedily Driven Back Into Colorado by an Armed Posse.

Syracuse, Kas., June 11.—Sevenly-six deported Victor, Col., miners that were sent out from that state in a special train in charge of Colorado militiamen were literally dumped into Kansas today and left destitute and penniless on the prairie. The militia fired a volley at their deserted charges and returned to Colorado. Later the unfortunate miners were turned back into Colorado by an armed Kansas sheriff and forty deputies.

Strike is Ended.

Victor, Col., June 12.—Every mine in the camp with the exception of the Portland, will resume operation tomorrow. The backbone of the unions was broken on Friday, when the military authorities took men from their homes and landed them on the bleak and unwelcome prairies of Kansas. The strike, which has cost the State, the mine owners and miners at least \$25,000, is practically ended. It is asserted that thirty-five or forty men now in the Bull Pen will be executed for crimes committed within a fortnight. Troops will be withdrawn tomorrow, and Sheriff Bell will be in command of the situation.

TO RETURN MINERS.

Federation Will Pay Cost of Transportation From Kansas

Denver, Col., June 11.—Secretary Treasurer Haywood, of the Western Federation of Miners said the men deported to the Kansas line, who are now at Holly, will be brought to Denver at the expense of the Federation, if they wish to come. He sent money to Holly today for their expenses.

KNOX FOR SENATOR.

Trust Interests of Pennsylvania Want Him Out of Cabinet.

Philadelphia, Pa., June 9.—Philadelphia C. Knox, Attorney General, is asserted here today, will succeed the late Matthew S. Quay in the United States Senate if the great financial interests have their way. It is stated that representatives of the Pennsylvania and allied railroads, the United States Steel Corporation and the Standard Oil Company are back of the Knox movement. The aim of these corporations, it is alleged, is to check further operations by the Roosevelt administration under the anti-trust law, and for that reason they want to see Mr. Knox out of the Attorney General's office. The vacant Senatorship they have seized upon, it is explained, as a means of removing Mr. Knox from the President's cabinet.

JUDGMENT GIVEN

Against Cumberland Telephone Co. in Sadlersville, Tenn.

An important case was heard Wednesday morning in the Circuit Court, being that of Dr. M. L. Bradley vs. the Cumberland Telephone & Telegraph Co., which involved the question of the maintenance of a public telephone station at Sadlersville, says the Robertson County, Tenn., News.

The facts are that Dr. Bradley gave the telephone company the right of way over his lands for the large trunk lines of the American Telephone, conditional that they were to open and keep perpetually open a day station at Sadlersville. This the company violated and hence the suit. The jury returned a verdict of \$40 as six months' damages, and as under the rulings of Judge Bell, Bradley can bring a multiplicity of suits. Leland Hume, General Manager of the company, who was present when the case was heard, immediately sent an agent to Sadlersville to open an office and the people of that vicinity will not longer suffer the disadvantage of not having public telephone service.

REV. J. A. KIRTLEY

Preaches a Trial Sermon at Locust Grove Sunday.

Rev. Jas. A. Kirtley, Jr., a young Baptist preacher, a son of the distinguished minister of the same name, preached at Locust Grove church Sunday and made a fine impression on a large congregation. He will remain in the county for a week and will on next Sunday preach a trial sermon at South Union church. A vacancy in the pastorates of these two churches was recently caused by the resignation of Rev. A. F. O'Kelly, and Mr. Kirtley may be called to succeed him. The two churches employ a pastor together, who preaches twice a month to each church and makes his home in this city. Mr. Kirtley comes well recommended and is one of the rising young men of his denomination.

Platform For State Democrats.

The Democratic party of Ken-
tucky, in convention assembled,
affirming its faith in and adherence
to the great and fundamental prin-
ciples of Democracy as expounded
by Jefferson, exemplified by Jack-
son and ably defended by Bryan,
adopts the following resolutions:

We condemn the oppressive, un-
necessary and unjust system of
Federal taxation established and
maintained by Republicans, and
demand a revision of existing tariff
laws in a conservative spirit of
fairness and justice.

We condemn the appalling in-
crease in the expenditure of the
Federal government under Repub-
lican rule.

We condemn the flagrant en-
croachments of the President of the
United States on the constitutional
powers of Congress.

We condemn the colossal curse of
our country known as trusts, and
we demand "a change of system"-
a change of administration—a
change of parties—that we may
have a change of measures and
men.

The scandals and corruptions in
the Postoffice Department and the
refusal of the Republicans to per-
mit any further investigation are
evidence of hidden or concealed
corruption. We are, therefore, in
favor of a thorough investigation of
all the departments at Washington
in order that fraud and dishonesty
may be discovered and punished,
and a pure and honorable and
efficient administration of public
affairs secured.

We declare that the refusal of
the Governor of Indiana to surren-
der on the requisition of the Gov-
ernor of Kentucky the persons of
William S. Taylor and Charles
Finley, fugitives from justice,
charged with complicity in the mur-
der of Gov. William Goebel, is re-
prehensible, unprecedented and il-
legal, and deserves the severest
condemnation of all lovers of law
and justice.

It is with pride and pleasure that
we point to the splendid condition
of our Commonwealth under Demo-
cratic rule. The State is free from
debt, and law and order every-
where prevail. We, therefore, un-
qualifiedly indorse the wise, patri-
otic and economical administration
of Gov. Beckham and our other
State officers, and we mark with
much satisfaction the striking
contrast between their administration
of public affairs and that of W. S.
Taylor, which brought shame and
disgrace to the Commonwealth.

We have confidence in the Demo-
cratic, integrity and sagacity of the
delegates appointed by this con-
vention, but they are sent without
instructions from this convention, but
they are required to vote as a unit upon
all questions coming before the National
Convention.

vigorates the whole system.

The Annihilation of Distance.

How much nearer to each other
the nations of the world seem to be
today, and really are today, than
was the case a few decades ago!
When weeks and months were re-
quired for communication between
the United States and Europe the
countries of the old world appeared
to be a long way off. Now the cir-
cumference of old earth is belted
with telegraph and cable lines in
every possible direction. What
happens today in Europe, Asia,
Africa, Australia, South America
and the great islands of the sea is
made known to us tomorrow by
great newspapers like the Chicago
Record-Herald, whose foreign cor-
respondents are located in every
important city of the world outside
of the United States. In addition
to its own staff correspondents the
Record-Herald enjoys the foreign
news service of the New York
Herald, famous for many years for
the reliability of its foreign news;
the New York World, and also of
that great co-operative news gath-
ering association, the Associated
Press. No other daily newspaper
in America possesses facilities so
varied and complete for covering
the news of all nations.

THANKFUL PEOPLE.

They are Found in Every Part Of
Hopkinsville

Many citizens of Hopkinsville
have good reason to be thankful for
burdens lifted from aching backs,
which they bore patiently for years.
Scores tell about their experience
publicly. Here's a case of it:

J. W. Tunks, of 312 West Seventh
street, who is employed at "M. C.
Forbes' planing mill," says: "The
condition of my health was such as
to cause me a great deal of worry
about my future. I had an almost
constant aching across the small of
my back and the kidney secretions
were highly colored, excessive and
irregular, in fact, the disorder was
so pronounced that it had been said
that it bordered on diabetes. I also
suffered at this time with indiges-
tion, which caused me a great deal
of distress. At one time I was
scarcely able to do any work at all
for nearly a year. I doctored and
tried various remedies but nothing
did me any permanent good until I
procured at Thomas & Trabern's
drug store, and by the time I had
finished the box I found that they
had brought about so decided an
improvement in my condition as to
convince me of their real worth, and
I am more than thankful for the re-
lief that I have received."

DIED FROM INJURIES.

Zeke Merrick Beaten to Death By
His Brother.

Cadiz, Ky., June 9.—Zeke Mir-
rick died at his home, three miles
from Wallonia, as the result of a
beating inflicted by his brother,
Robert Merrick. The two brothers
met at Fred Merrick's, their nephew
and a son-in-law of Zeke Merrick,
Sunday afternoon, and began a
quarrel which grew into a fight. In
the encounter the dead man's
eyes were nearly gouged out and
his thumb bitten off.

Robert Merrick is the father of
Frank Merrick, who created so
much excitement three or four years
ago for forging a number of checks
in Illinois on prominent business
men of Princeton. He died while
in custody, and his body was said
to have been stolen or taken from
the grave.

Zeke Merrick was about sixty
years of age.

Malaria

Have you a slow and intermittent
fever; chills creeping up the spine
of the day; aching back and limbs;
cold hands and feet; flushed face
with burning sensation? These are
malaria symptoms. Do not delay,
but begin a course of treatment to
head off the disease. Pure blood
will withstand the attack of poison
better than impure blood. And as
pure blood is the result of a healthy
condition of the stomach, you should
get the stomach in order first. Dr.
Caldwell's Syrup Pepsin is a per-
fect stomach remedy, a gentle laxa-
tive and strengthens all of the or-
gans of assimilation. Sold by
druggists and dealers in medicines.

PLEASED

With Action of Kentucky Demo-
cratic Convention.

Washington, June 9.—All kinds
and conditions of Democrats here
seemed pleased with the action of
the Kentucky Democratic Conven-
tion. The Bryanites are delighted
at the compliment paid their cham-
pion and predict that he will domi-
nate the delegation at St. Louis.
The Hearst men claim that they
were strong enough to defeat in-
structions for Parker, and that more
than half of the delegation are for
their candidate. The Parker
men say that they have the assur-
ance that the delegates selected are
for the New York Judge by a large
majority. So it seems that all the
factions are satisfied with the re-
sult.

From a Leading Druggist.

As druggists and retailers of
patent medicines, we can say con-
scientiously that we haven't a pal-
let on our shelves that we sell as
much of as we do of Dr. Caldwell's
Syrup Pepsin, and that it gives
satisfactory results. It is without
doubt the best medicine and the
largest seller that we ever had.

Yours respectfully,
S. C. Tucker, Champaign, Ill.

VIRGINIA DEMOCRATS

Elect Daniel, Martin, Montague
and Brayton as Delegates.

Richmond, Va., June 9.—The
State Democratic Convention met
here today and State Chairman
Ellison announced the following
temporary organization:

Chairman, Judge E. Cassell, of
Radford; Secretary, Joseph Buton,
of Appomattox; Staff agent at Arms,
W. P. Lehman, of Richmond.

Judge Cassell on taking the chair
said that the State of Virginia had
not been conspicuous for many
years, but this year the State
could and would take a leading
part in removing Roosevelt from
the muckdom of Republicanism. He
denounced President Roosevelt as
a "sham reformer." The Presi-
dent's Northern friends, he said,
"gagged at the mention of his
name, for he cateth with negroes
and drinketh with them."

He appealed to the Democracy
"in the sacred name of history, in
the name of prosperity and future
hopes, to bury all differences and
unite to save this country."

Then followed the reports of the
District Committees.

At to-night's session the conven-
tion elected Senators Daniel and
Martin, Gov. Montague and the
Hon. A. C. Brayton, of Staunton,
delegates-at-large to the St. Louis
Convention.

As Poor as Job's Turkey.

Mr. Charles E. Sugg, of Hender-
son, wants to know the origin of
the saying "As poor as Job's tur-
key." A version of it that is at
least seventy-five years old is that
about 40 years before that in Vir-
ginia one Job Leavitt was pos-
sessed of a solitary turkey. Job
was a man who left everything but
his place to shift for itself. A party
of roysters were camping on a
small stream near his house and
decided that they wanted a turkey
to replenish their larder, as they
spent too much time drinking to
provide themselves with game
which was the object of the expedi-
tion. When the turkey was sug-
gested, one of the crowd suggested
that they steal Leavitt's solitary
fowl. Another, who knew Job and
his habits, proposed another route
some distance away, and when
asked his reason for wanting the
Leavitt fowl spared, said: "Why,
Job's turkey is so d—d poor that he
has to lean up against the coop to
gooble." The facility with which
smart or catchy sayings passed in-
to proverb in those days insured
the life of this one, and it has been
current ever since.

Only one remedy in the world
that will at once stop itchininess of
the skin in any part of the body;
Doan's Ointment. At any drug
store, 50 cents.

Judge Haskins' Condition.

Owensboro, Ky., June 9.—County
Judge H. M. Haskins has been
growing gradually worse during
recent days, and his illness has
reached such a stage that his im-
mediate friends fear that he can-
not survive many days, and they
have practically no hope of his final
recovery. The Judge has not been
able to do any official work or to
visit his office for some time.

Acute Rheumatism.

Deep tearing or wrenching pains,
occasioned by getting wet through;
worse when at rest, or on first mov-
ing the limbs and in cold or damp
weather, is cured quickly by Bal-
lard's Snow Liniment. Oscar Oel-
son, Gibson City, Illinois, writes,
Feb. 16, 1902: "A year ago I was
troubled with a pain in my back.
One bottle of Ballard's Snow Lin-
iment cured me." 25c, 50c, \$1.00.

University today. The Hon. Henry
Watterson was the commencement
orator.

That the marketing of Tobacco on the open markets by concentrating
its demands, will bring better results to sellers, is self-evident truth.
Public meetings, stenographers, typewriters and their offspring "Reco-

part of planters to offer their Tobacco on open markets to the highest
bidders will bring face to face every known demand for Tobacco. Help
us to sell your tobacco for good prices, by patronizing open market's.
It stands planters in hand to think of this.

We are authorized to announce
W. L. PARKER
As a candidate for Magistrate in the Third
magisterial district, subject to the action of the
Democratic party.

They do say that Wisconsin is
more than likely to go Democratic
this fall.

Texas has evidently prepared to
join the Parker column. The state
convention will be held this week.

Mark Twain's wife, who died in
Italy last week, was formerly Miss
Olivia L. Langdon. She was mar-
ried to Mr. Clemens in 1870.

The attendance for the week end-
ing June 4, at the World's Fair, was
378,146, about 80,000 greater
than any previous week.

The paid attendance at the
World's Fair during May was
542,028 and the admissions by pass
aggregated 459,663, making the
total attendance 1,001,391.

Clem Hutton, a young Bath coun-
ty farmer, became insane over the
Norman religion and almost
drowned his wife, claiming he was
baptizing her in that faith.

The salvation army cohorts have
arranged a parade for Tuesday in
New York to precede the sailing of
350 delegates to the international
Congress in London.

Rulus-Gentrell, the Indianapolis
grave robber, in prison at Michi-
gan City, Ind., is suffering from typhoid
fever.

Tons of unclaimed letters, papers
and packages have already accumu-
lated at the World's Fair Man-
age people order mail sent to the
care of the fair and fail to call for it.

The rush of June weddings con-
tinues in all the towns. In Owens-
boro alone eleven are reported in
Sunday's Messenger.

The Paducah Register is dis-
turbed because the editor of the
Kentuckian is not following the ex-
ample set by Balaam's saddle
animal, the editor of the Register
and others in that class, who insist
upon talking in the absence of ideas.
The Kentuckian advises the Reg-
ister to adopt the Parker idea and
not talk its fool head off, at least
until it has something to say about
national politics.

There is more Catarrh in this
section of the country than all other
diseases put together, and until the
last few years was supposed to be
incurable. For a great many
years doctors pronounced it a local
disease and prescribed local reme-
dies, and by constantly failing to
cure with local treatment, pro-
nounced it incurable. Science has
proven catarrh to be a constitu-
tional disease and therefore requires
constitutional treatment. Hall's
Catarrh Cure, manufactured by
F. J. Cheney & Co., Toledo, Ohio, is
the only constitutional cure on the
market. It is taken internally in
doses from 10 drops to a tea-spoon-
ful. It acts directly on the blood
and mucous surfaces of the system.
They offer one hundred dollars for
any case it fails to cure. Send for
circulars and testimonials.

All Humors

Are impure matters which the skin,
liver, kidneys and other organs can
not take care of without help, there is
such an accumulation of them.
They illiter the whole system.
Pimples, boils, eczema and other
eruptions, loss of appetite, that tired
feeling, bilious turns, ita of indiges-
tion, dull headaches and many other
troubles are due to them.

Hood's Sarsaparilla and Pills

Remove all humors, overcome all
their effects, strengthen, tons and
invigorate the whole system.

"I had salt them on my hands so that I
could not work. I took Hood's Sarsaparilla
and it drove out the humor. I continued
its use till the sores disappeared." Mrs
Ira O. Brown, Rural Falls, Me.
Hood's Sarsaparilla promises to
cure and keeps the promise.

A single issue of the Paducah
Register, that of last Friday, con-
tained abuse of the following Demo-
crats mentioned by name, as well
as others not named, who were re-
ferred to as "a bunch of dogs":

J. C. W. Beckham,
J. C. S. Blackburn,
Jas. B. McCreary,
Ollie M. James,
Urey Woodson,
Percy Haley,
Henry B. Hines,
J. Wheeler Campbell,
Harry McChesney,
Jack China,
Geo. V. Green.

The "reorganizers" in Kentucky
are busy running first one goldbug
and then another for Urey Wood-
son's place as National Committee-
man. It is worthy of note that none
of those suggested has been a loyal
consistent Democrat for the
last eight years. It is also worthy
of special mention that the news-
papers doing most of the talking
against Woodson, are not organs
of the Democratic party.

Santos Dumont sailed for New
York from Havre Saturday on the
French line steamer La Savoie.
His chief engineer, on whom he de-
pends to mount his airship, and
three expert engineers accompany
him. Dirigible balloon, No. 7, with
which Santos Dumont will compete
at St. Louis, is also on the steamer.

Col. Thos. C. Jones, formerly of
Owensboro, but for 18 years consul
at Funchal, Madeira Island, is at
his old home on a visit for the first
time since 1886. Col. Jones is an
old bachelor, with no known rela-
tive except a sister, who is the
wife of Judge Wm. Lindsay, of
New York.

Abner McKinley, a brother of the
late President, was found dead in
a chair at his home at Somerset,
Pa., Saturday morning. He had
been a sufferer from Bright's dis-
ease for the past three years. He
was buried yesterday at Canton,
O., his old home.

best known newspaper men in
Louisville, was found dead in his
bed at the Louisville Hotel Friday

The wound is not dangerous. The
assassin, whose name is Linitski,
was arrested.

Of the 728 delegates so far chosen
to the National Democratic Con-
vention, 374 are uninstruted. Those

Wall, 30; Gray, 6.

The Confederate Reunion in

tract 65,000 visitors to the city.
The grand parade will take place
on Thursday. On Wednesday the
cornerstone of the Confederate
memorial will be laid.

Judge L. E. Mann, of Morehead,
has withdrawn from the race for
the Democratic nomination for Con-
gress in the Ninth district. This
leaves Congressman Kehoe without
opposition, and he will doubtless be
declared the party nominee.

Editor Hancock, of the Pembroke
Journal, thus voices the sentiment
of all Christian country:

"What has come to be known as
a most veritable farce, is to be re-
peated in Hopkinsville during the
next few days. We refer to the
trials of two of the men who so
brutally murdered an unknown
white man near this city last No-
vember. This farce promises to be
played at least once a year for
years to come, at the expense of the
taxpayers."

The cases have been continued
till September.

In order to conform to the new
Kentucky law prohibiting the co-
education of whites and blacks, the
trustees of Berea College are ar-
ranging for the transfer of their
colored students to other institu-
tions. The younger pupils will be
sent to the colored public schools,
and those of higher grades to Flak
University, Nashville, or some simi-
lar institution.

The Russians have decided to
make no serious attempt to relieve
Port Arthur, though the squad-

CLOSE CALL

For a Baby On South Main
Street.

Mr. Julian Adoue's infant had a
very narrow escape from death or
serious injury one day last week.
The nurse, a colored girl, was
holding the child on her shoulder
and just as she lowered the child to
her lap a baseball knocked violent-
ly from an adjoining yard by some
boys who were playing, struck the
girl's shoulder, where the child
had been, and dislocated the bone.
The ball passed near the baby's
head, but it escaped without injury.

cowboys, open to riders in New
Mexico and Arizona, with the start-

It has been decided to have relays
at short distances so as to obviate
any charge of cruelty to animals.
The purse will be \$1,500, and will
be offered by New Mexico stock-
men. There are already six en-
tries in the contest and it is prob-
able that the start will be made
during the first week in July. The
distance from Albuquerque to St.
Louis by rail over the shortest
route is 1,180 miles.

TEN LIVES LOST.

Waterspout in Indian Territory
and Oklahoma.

Oklahoma City, O. T., June 10.—
A waterspout has caused the loss
of four lives and much damage to
railway and farm property in Okla-
homa and the Indian Territory.
Nearly five inches of water has
fallen in some places, swelling
many streams. At Robert, O. T.,
Charles Hennessey, a farm hand,
was drowned in crossing Big Elk
Creek, which was out of its banks.
At the town of Mill Creek, Indian
Territory, three persons, names un-
known, were drowned, and the
railroads washed out. Twelve
miles of Frisco tracks between
Wieter and Bengal, and seven
miles of track near Mill Creek, I.
T., have been washed out.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with water and let it stand twenty-four hours; a sediment will settle to the bottom, indicating an unhealthy condition of the kidneys; if it stains your linen it is a sure sign of kidney trouble; too frequent desire to pass it or pain in the back is also a convincing proof that the kidneys are also a part of the order.

There is comfort in the knowledge as often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fills every vein in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. This mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Home of Swamp-Root, P. O. Box 5385, Binghamton, N. Y. When ordering, send no money, but enclose this paper, and we will send you the sample bottle and book.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root and the address, Binghamton, N. Y., on every bottle.

The young couple came to this city Sunday afternoon and have gone to home-keeping at No. 222 W. Seventeenth street.

OHIO MAN

Gets the Contract to Build New

Capitol.

Same Architect Is Building The New Seelbach's Hotel.

Frankfort, Ky., June 10.—Frank M. Andrews, of Dayton, Ohio, who this afternoon selected by the State Capitol Building Commission to construct the new State Capitol, at Frankfort, Mr. Andrews, who is one of the most experienced architects in the country, has erected a number of large buildings, and is at present in charge of the construction of the new Seelbach's Hotel in Louisville.

According to an agreement entered into when the commission went into session at 11 o'clock this morning, the selection, which was made at 2:10 o'clock, was announced after the fifth ballot. On the last ballot the vote was unanimous, but on the earlier ballots Mr. Frank Milburn, of Columbia, S. C., who erected the new South Carolina capitol, received one vote.

The commission did not receive plans or specifications from the architects, only three of the forty competing submitted any drawings. It announced that it chose the architect on the basis of his experience and general availability.

Mr. Andrews was seen at the Capitol Hotel by the Evening Post, and said: "The plans for the new State buildings will have to be worked out from the ground up. The commission will visit at least two other state capitals, those of Mississippi and Rhode Island, both of which were built on appropriations of about \$1,000,000—what we have to spend. After viewing these buildings I will get my ideas together, and expect to begin my preliminary sketches in about thirty days. We will start our trip June 20, and may visit several other states besides those mentioned."

NO MORE UNION CARDS. They Become Entirely Useless in Cripple Creek District.

Cripple Creek, Colo., June 10.—The excitement throughout this district is gradually subsiding. Work was resumed today at a mine employment non-union men which had been closed since Monday, the Stratton Independent being the first to reopen. The Portland mine remains closed by orders of Gen. Bell, and its employees will be compelled to abandon the union or leave the district. Employers in all branches of business in this city, without exception, so far as known, have signed the agreement proposed by the Citizens' Alliance, which says: "Not to employ help of any kind that is in any way connected with the District Trades Assembly or the State Federation of Labor, or any kind of organization."

This has caused consternation among the clerks and employees in shops and stores who are members of the retail clerks, barbers, carpenters, bartenders, cooks and other trades, unions, as all will have to resign to hold their positions.

The union cards which have been demanded in this camp in order to transact business will no longer be a necessity. In fact, it is intended that the cards shall be surrendered as soon as the committee's report can be acted on. The present scale of wages will prevail and individual unions will be tolerated, it is conceded, if they are conducted on conservative lines and do not give aid in any way to the Western Federation of Miners.

The authorities now in control declare that there has not been a time for months when life and property here were as safe as they are today. The streets are quiet and, as those of the lawless element who have not fled have been imprisoned, no further disturbance is expected.

Embark in Business.

Messrs. Harry Rank and Perry Watkins have purchased the barber shop on East Seventh street, recently run by Mr. Jackson, and will make one of the most popular and up-to-date tonsorial parlors in the city of it. Both young men are very popular and are artists at their trade, and will no doubt receive a liberal share of the public patronage.

INTERESTING CURIOSITIES.

Program For Kentucky Day at World's Fair.

The plan for Kentucky day—Wednesday, June 15—at the World's Fair is rapidly maturing. Individual points to this day being one of the greatest in the history of the Louisiana Purchase Exposition. There will be cheap rates in effect from all places in the State to St. Louis. Two special trains will run from Louisville, one on the night of June 13, carrying the Kentucky Press Association, and one on the night of June 14, made up of the Louisville business men from the Board of Trade, Commercial Club and Merchants and Manufacturers' Association. This train will have a private car attached with Gov. J. C. W. Beckham, his staff and State officials, together with a committee of three from the battle ship "Kentucky." This business men's excursion is under the immediate supervision of a joint committee, consisting of Messrs. John H. Brand, Baylor Hickman, Chas. E. Muhlen, Theo. Abresch, Alfred Branc's Chas. D. Campbell, W. C. T. Cross, Charles B. Morton, Peyton B. Bethel, V. H. Engelhard, E. Weinstock, Wm. Thalheimer, Douglas Barclay, J. E. Moses and Ed Rowland. Both the editors' train and the business men's special will run over the Henderson route to St. Louis.

The editors, as has been before stated, will spend a day very pleasantly before Kentucky Day sight seeing. The business men's excursion will run direct to the World's Fair grounds over the Wabash and will parade, headed by a band, to the Kentucky Building early on the morning of Kentucky Day. Breakfast will be taken at the German restaurant, adjoining the German Government pavilion.

The exercises of the day will begin at 11 o'clock at the state building by the singing of "Miss Green Kentucky Pastures," a song written by Mrs. Kate Slaughter McKinney, a former Kentuckian, now living at Birmingham, Ala. The music of this song was written by Mr. T. C. Calloway, of Montgomery, who is coming to the Exposition especially to play the accompaniment to this song, which will be sung by Mr. Camden W. Ballard, of Shelbyville, Ky., one of the State's best known tenors. Immediately following this song there will be a presentation of the "homecoming colors" of a battleship from "Kentucky," by a committee from this city. The ship, which is a good old ship, to the Governor of the State. There will be addresses by a Kentuckian now in the navy and a Kentuckian now in the army.

The regular exercises for Kentucky Day will be held in Festival Hall and will include a recital on the big pipe organ—the largest ever built. President A. Y. Ford, of the Kentucky commission, will preside and speeches will be made by President Francis, of the Exposition, a former Kentuckian; by Hon. Harry B. Hawes, of St. Louis, a former Kentuckian, who is the president of the Kentucky Society of St. Louis; by Gov. Beckham and others. At night from 11 o'clock, there will be a reception at the Kentucky building, admission by card. As previously stated, no invitations to Kentucky Day will be sent into Kentucky. Every Kentuckian is invited. All events of the day will be made as distinctly "Kentuckian" as possible. Kentucky building souvenir buttons will be given all visitors and a bunch of blue-grass in the head will be pinned on each visitor. Of course, refreshments will be served both during the day and at the evening reception.

HOMES DRAWN.

Old Rush For Lands in New Reservation to be Avoided.

Immense Tract to be Opened For Homesteads, Some of Uncle Sam's Richest Acres Will Soon be Allotted.

Washington, June 9.—Home-seekers from every portion of the United States have been attracted by the announcement of the opening for settlement of a portion of the Rosebud Indian reservation in South Dakota, and it is expected that thousands of them will avail themselves of the opportunity afforded by the government's plan for disposing of this immense tract of land, much of it wonderfully fertile. The allotment will be by lottery, conducted on exactly the same plan as the last Indian Territory and Oklahoma opening three years ago, when the city of Lawton sprang up in a day. The plan is perfectly fair, and under its working the necessity for being early on the ground is avoided, and therefore the terrible "rushes" of the boomers which characterized the first Oklahoma and the Cherokee strip openings will not be repeated.

Provisions for Registration.

Provisions are made for registration of applicants beginning at 9 o'clock, a. m. Tuesday, July 5, and ending at 6 o'clock, p. m., Saturday, July 23, at Chamberlain, Yankton, Bonesteel and Fairfax, in South Dakota. The names of persons entitled to make homestead entry thus registered will be placed on cards, together with description of the applicant for future identification. These cards will be placed in sealed envelopes, and on July 28 at Chamberlain, will be drawn by a committee appointed by the Secretary of the Interior, and each card, on being removed from its envelope, will be numbered in the order in which it was drawn. The list of those persons whose names are drawn will be announced each day so long as the drawing continues, and the person holding No. 1 will be entitled to first choice of land in the district opened. Examination of the tract may be made by each person registered immediately after he is given his certificate of registration, so that each applicant may be prepared to announce his selection of homestead at once.

The Rosebud tract to be opened approximates 382,000 acres and lies wholly in Gregory county, S. D. The only reservations made are those for Indian day school, stations of subside, Catholic and Congregational missions and South Dakota State schools. These reservations are set forth in detail in the proclamation of the President, a copy of which may be had upon application to the Secretary of the Interior.

The land will be sold to those persons making entry in this way and entitled to choice in rotation as their names are called for \$4 an acre, \$1 payable when entry is made, 75 cents per acre within two years, 75 cents an acre within three years, 75 cents an acre within four years and 75 cents an acre within six months after the expiration of five years from the time of entry. All land in the tract not entered or filed upon after three months and within six months of the opening will be sold at \$3 an acre, and after the expiration of six months the price will be \$2.50 for land still undisposed of.

Must Be Present.

A homestead is 160 acres and no entry may be made for more than that amount of land. The applicant for registration must present himself in person at one of the stations of registry, is allowed to enter his name but once and is forbidden to enter any other name than his true one, except that soldiers or sailors entitled to homestead privileges may register by an attorney of their own choice, but no one attorney shall act for more than one such soldier or sailor. No one will be allowed to go upon the lands of the tract for the purpose of examining them except persons duly registered.

While it will be an advantage to register early that more time may be gained for the examination of

the land, the last man to register has an equal chance with the first in the drawing which decides the rotation in which the selection of homesteads may be made. The plan was successful at Lawton and the government officials approve in every way.

Those persons eligible to make homestead entry are defined in various statutes of the United States, but for the purpose of guiding the public the Interior Department is preparing a circular which will be issued within a few weeks, setting forth the descriptions of persons not qualified to make homestead entry in the ceded portion of the Rosebud Indians' reservation in South Dakota.

Provision is made for the establishment of towns within the tract by the proclamation which provides that persons desiring to found towns may at any time before the opening file in the land office a written application to that effect, setting forth the subdivisions according to the legal survey and giving reasons under oath why a town should be established at that point. These applications will be acted upon by the Commissioner of the General Land Office, and those approved will be announced and the land included will be reserved from homestead and held for townsite entry and settlement, according to the general townsite laws of the United States.

Another tract of 88,000 acres of land at Devil's Lake, said to be equally as desirable as the Rosebud land, will be opened under similar conditions of registry and drawing, the registration to begin at Devil's Lake on August 8, a month later than the Rosebud opening.

Land office officials expect that the phrase "land office business" will be clearly and forcibly defined when the registration books open in South Dakota, as these lands are of the best ever thrown open to settlement in recent years.

STRANGE AFFLICTION.

Two American Girls Completely Upset by Tour of Europe.

New York, June 10.—Friends of the Misses Bondy, of New York, have received from Vienna news that the young women are in a medical institution in that city, having taken leave there for observation and treatment while laboring under great excitement or hysteria, says a Herald dispatch from Paris. The story of their affliction is a strange one.

Six months ago the three young sisters, who are between the ages of twenty and thirty, left New York for Europe unattended for a trip to the Mediterranean, Egypt and the Holy Land. They were well supplied with money and proficient in European languages. After visiting the Holy Land they journeyed to Egypt, saw the pyramids and went some distance up the Nile.

A month ago they reached Constantinople. There they met a party of Americans, who obtained for the young ladies a reliable courier to escort them to Havre, where they proposed embarking on their return voyage. They were evidently in a nervous condition, and told stories of an attempt made to kidnap them near the pyramids, and of their having been pursued across Galilee by a bandit sheik. They gave the impression to all who came in contact with them that their nerves had been considerably shaken by their adventures, fancied or real.

On the arrival of the sisters in Vienna their nervousness became more marked. They evaded the courier, and moved from the hotel, declaring their lives were in danger. Finally they called upon the police for protection and were turned over to the United States Consul, who is having them cared for, pending the arrival of relatives. The real cause of the nervous breakdown is unknown.

Fool Friends Cause Death.

Chicago, June 10.—A dispatch to the Record-Herald from La Crosse, Wis., says Mrs. William Asselin, a bride of four weeks, is dead of brain fever, brought on by an almost incessant charivari and serenade by persistent friends. Mrs. Asselin was Miss Mary Laplace, of Durand, Wis. Mr. Asselin was very popular, and a score of his over-enthusiastic friends are blamed.

I have no more bad spells; no more weakness. I feel like a new woman altogether. We Are Never Satisfied.

Lafayette, Ky., June 4.—Editor Kentuckian:—Man is the only thing on earth but what can be satisfied. He is harder to please than the ferocious animals that pervade the jungles of South America. Feed the wild animal and he will be down and be happy and contented, but the more man gets, the more he wants, and often his striving for more results in his ruin. So to speak, when we begin at the bottom of our ladder, we have a longing to reach the top. Every round that we mount calls for one more higher, and about the time we think we have reached its zenith a round will break and we will quickly slide back to the ground, where the rest of our dreamy life will be spent in penury.

The first man that entered this sorrowing world had those insatiable desires. When God made Adam and put him in the Garden of Eden He gave him free access to everything in the land except the tree of life, but yet this did not satisfy him.

One man might become owner of all the land lying between the island of Terra-del-Fuego and the town of Upernivik and he would not be satisfied. As soon as he could get a deed to this grand division he would sail across the Atlantic into Europe and from Europe he would go to Asia, and if he could get possession of this whole earth it would only be a short while until he would be pondering on a scheme to beat the man in the moon.

The poor man thinks the only thing needed to make him happy is money, but likely this is a mistake of his. Seems to me the only happy men we have now-a-days are those that haven't got anything and don't want anything. Still it would not do for us all to be this way. If we were there would be no one to foot the bill of our happiness.

When I lived in the country I had a neighbor known as "Uncle Billy." Uncle Billy had never accumulated much of this world's goods, but he was one of the kind that took everything fair and easy. He seemed to be just as well satisfied during a drouth as he was when everything looked green and prosperous. I have often thought what a blessing it was to be possessed of such a spirit. I asked him once how he managed to wear a grin upon his face all of the time. His reply was that worrying did not fill any meat houses, and it did not pay any debts. He also said when the meal in his barrel gave out his neighbors would lend him some, and when his notes fell due if he had the money he paid them off, and if he didn't have the money to satisfy them, he let the man that held the notes do the worrying, and therefore he had nothing to make him unhappy.

Longing for more resulted in the ruin of that great man Columbus. This wise man took up an idea in his early days that there was another country, and he was called to look for it. For eighteen years he strove hard, forming his plans and trying to get some one to aid him in his undertaking. Finally the good queen Isabella told him he should have the money needed if he had to pawn all of her jewels. By her help, he obtained three small vessels, provisions for twelve months, and ninety men, and on the 3rd of August, 1492, he left Spain to look for that land of wilds. After several weeks of perilous voyage, he found the land he had long sought for, but yet he was not satisfied. After he had found this country, he wanted to be sovereign of it, and, in consequence of a false accusation, he was deprived of his right and was sent home in chains, and finally died, a grievd and broken-hearted man.

I never had the opportunity to experience the feelings of a man of wealth, but I believe the millionaire is as much dissatisfied as the man that makes his living by the sweat of his brow. The old, gray-headed man, who has lived out his three score and ten years, is as eager for the omnipotent dollar as he was when he first grew out of his 'teens and became a man of his own, and if he had a pile of gold as high as the pyramids of Egypt, many of his midnight dreams would be occasioned by a previous day's study of how to build it higher. There is no happiness on this revolving earth for us, and if ever our craving minds are satiated, it will be after we have soared above those glittering stars and entered that prophetic land of bliss.

PROGRAM

For United Confederate Veterans Reunion Completed.

Three Days' Reunion, to be Held in Nashville, Tenn., Beginning June 14

The program for the three days' Reunion of the United Confederate Veterans, which will begin in Nashville June 14 has been completed. In this program, however, the meetings of the Sons of Veterans are not given, nor are the sessions of the Memorial Association given place. Both these organizations will meet with the veterans in the first morning session, and will enter into the evening's amusements. Separate business sessions, however, will be held, the Sons meeting at Watkins Hall and the Memorial Association in the parlors of the First Presbyterian church.

The U. C. V. follows:

TUESDAY, 14.

10 a. m.—Jefferson Davis memorial exercises at Christ church under auspices of the Southern Confederate Memorial Association. Bishop Galor will deliver the principal address.

12 m.—Convention of the U. C. V., called to order at Tabernacle by Gen. George W. Gordon, commander of Tennessee Division. Address of welcome by His Excellency, Gov. James B. Frazier, on behalf of the State. Address of welcome by His Honor, Mayor A. S. Williams, on behalf of the city of Nashville.

Address in welcome by Hon. Tully Brown on behalf of Nashville Veterans and reunion committee.

8 p. m.—Reception at capitol by Gov. Frazier and staff and reunion committee to veterans.

WEDNESDAY, 15.

10 a. m.—Convention at Tabernacle.

2 p. m.—Laying of the corner stone of monument to private soldiers at Centennial Park.

4 p. m.—Outdoor reunion of veterans at Vanderbilt campus.

8 p. m.—Complimentary concert for veterans at Tabernacle by Daughters of the Confederacy.

THURSDAY, 16.

9:30 a. m.—Grand parade of veterans. After the parade the rest of the day will be spent in sightseeing and a good time generally.

It is estimated that there will be something like 75,000 visitors in the city by the opening day of the reunion. The hotels and boarding houses will be packed to overflowing, while hundreds of private residences will have anywhere from three to eight veterans.

The leading down town hotels have had every room engaged for the Reunion. Cots will be put in every available space.

The general entertainment committee has six thousand cots that will be placed in the different school buildings and used by the veterans not entertained in the private homes.

Every department of the Reunion is in perfect shape and everything points to a most successful Reunion in every particular and royal entertainment of the old veterans.

The parade of the veterans on the third day is to be the biggest thing of its kind ever attempted, and will be nearly three miles long.

The sponsors and maids of honor will be provided with silver banners upon which will appear the name of the division they represent.

A prominent visitor to the Reunion will be Mrs. James Longstreet, of Atlanta, the wife of the late Confederate Gen. James B. Longstreet. Mrs. Stonewall Jackson, who was to be the guest of Virginia Camp during the Reunion, will not be able to attend on account of ill health.

ENDS TO-NIGHT.

Woman's Foreign Missionary Society Holding Meetings.

Officers For Ensuing Year to be Chosen and Place of Next Meeting Named.

The Woman's Foreign Missionary Society of the Louisville Conference M. E. Church, South, convened its twenty-fifth annual session at the Methodist church in this city last Friday night. There are about 125 delegates and visitors in attendance and the sessions are proving most interesting and profitable. At the opening session addresses of welcome were delivered by Miss Lelia Mills for the local society, Judge Jas. Breathitt for the church and Mr. James Chappell for the Young People's Society. The response was made by Mrs. W. F. Lloyd, of Bowling Green. The report of Miss Daniel, corresponding secretary, showed that the collections for this year were about \$6,500, an increase of over \$1,000 over last year. There has also been a very flattering increase in the number of societies organized and in membership.

The executive committee held a meeting at 8:30 Saturday morning and the regular business session began at 9:30. The rest of the day was taken up with hearing the various reports of committees, etc. Sunday morning Dr. Seth Ward, of Nashville, missionary secretary of the church, preached the annual sermon. Sunday afternoon a missionary experience meeting was held and Sunday night Dr. Margaret Polk, who recently returned from China, where she had been engaged in missionary work, delivered an interesting address.

Miss Mary Helm, of Elizabethtown, president of the society, was prevented from being present by ill health. On account of her continued illness Miss Helm resigned her office. Her formal resignation and farewell address was read before the body by Miss Katie McDane, Saturday morning.

One of the most important events of this meeting was the examination of Miss Eunice Andrews, of Rockfield, Ky., who is a candidate for admission to the training school for missionaries. The report of this examination has not yet been made public.

Rev. J. B. Butler, of Jeffersonville, Ind., son of Mr. W. H. Butler, of Bainbridge, this county, preached Saturday night. Dr. Butler is prominent in missionary work.

Yesterday morning the exercises were opened by Dr. Ward, with a talk on Mexico and China. An interesting paper on Woman's Work, prepared by Mrs. Livingston McCarty, of Henderson, formerly of this city, was read. A bible reading by Rev. Butler closed the morning session.

Yesterday afternoon was taken up with the hearing of reports from the various societies and at night there was a children's service conducted by Miss Olmstead, of Louisville, juvenile secretary, assisted by Mesdames C. B. Petrie and W. A. Wilson, of this city.

At the sessions to date reports and papers will be read, the election of officers for the ensuing year will take place, and the place of holding the next meeting will be decided upon. The convention will adjourn tonight.

ELECTION FRAUDS

Brought to Light in Warren County Contest.

Special Judge J. J. Osborne, who is trying the Bradburn-Galloway election contest case, overruled the motion of the defense for a continuance today. Ballot boxes were brought from the Kistler's Mill, Gas House and Delaford precincts were brought into court and it was ordered by Judge Osborne that the boxes be opened and the ballots counted. The attorneys for the defense objected to such a course and the case was argued pro and con. The first box opened was from the Kistler Mill precinct.

At the conclusion of the count in Kistler's Mill precinct in this city, Bradburn had 197 votes and Galloway 145, a difference in favor of Bradburn of 52, whereas the certificate of election gave Galloway a majority of 457, a clear difference between this count and that of heretofore of 109.—Park City News.

Which is not in the trust, the International will go to pieces in one more season. David will do up Goliath. Don't listen to the false statement that the Osborne is in the trust. If it were, its makers would not allow us to fight the trust. We would have to let up or lose the agency. Such statements are ugly. The meanest thing that can be said about a machine is that it is in the trust. The fellows whose binders are in the trust are like the fox that had his tail cut off. The Osborne is fighting the trust from Maine to California and will win.
